7:45 AM: Check-in. Refreshments: coffee, tea, & water

8:00: Welcome. Rebecca Jackson, MD, Director, Center for Clinical & Translational Science

8:15: Biorepositories: More than a Tissue Bank. Nilsa Ramirez, MD, Nationwide Children’s Hospital

9:00: Biomedical Research and the Animal Tissue Biorepository. William Kisseberth, DVM, PhD; and Holly Borghese, DVM, OSU College of Veterinary Medicine

9:30: Tissue + Technology: The Power of Data. Peter Embi, MD, OSU Department of Biomedical Informatics

10:15: break

10:30: The Regulatory Framework for Biorepositories. Karen White, PhD, IRB Chair, The Research Institute at Nationwide Children’s Hospital; Mark Merrick, PhD, Vice Chair, Biomedical IRB at OSU; and Cheri Pett,e MA, CIP, Office of Responsible Research Practices.

11:30: Break. Lunch service

11:45: Panel Presentation: Using Biorepositories in Research. Skilled investigators describe their research using Biorepository materials, with Q & A from audience. Leif Nelin, MD, NCH; William Kisseberth, DVM, PhD, OSU College of Veterinary Medicine; Dave Lucas, PhD, Director, Hematologic Malignancies Tissue Bank, CCC

1:00: Break

1:15: Accessing Biorepositories at OSU, NCH, & Beyond: Practical Issues for Researchers. Julie M. Gastler-Foster, PhD, FACMG, PI Biospecimen Core Resource at NCH; and Laura Monovich, MBA, Operations Director for the Total Cancer Care universal consent and biorepository program at the Comprehensive Cancer Center at OSU

2:15: Panel Discussion: Articulating a Vision for Biorepositories at NCH and OSU. Michael A. Caligiuri, MD; Rebecca Jackson, MD; and John Barnard, MD

2:55: Closing comments by Rebecca Jackson, MD

3:00 PM: Finish
